5. RESPONSIBILITIES OF THE CARRIER

(a)

Documentation of Authorization/Agency

Prior to submitting an order under this Part, a Carrier must have obtained documentation from the end user (e.g., written or electronic authorization, tape recorded conversation, or password verification, etc.), explicitly authorizing the Carrier to provide local exchange telecommunications services to the Carrier's customer (Documentation of Authorization). The Carrier must retain all Documentation of Authorization on file, which shall be available for inspection during normal business hours.

In the event that the Carrier submits an order under this Part, and the end user notifies the Company, within the greater of 90 days or two (2) billing cycles of the date the Carrier submitted an order under this Part, that the end user did not authorize the Carrier to provide local exchange telecommunications services to the end user (Unauthorized Switching), the Carrier must provide the Company with that end user's Documentation of Authorization within three (3) business days. In the event that the Carrier cannot provide the Documentation of Authorization within three business days, the Carrier must within three business days thereafter:

- (1) notify the Company to change the end user back to the local exchange carrier providing service to the end user before the change to the Carrier was made, and
- (2) provide any end user information and billing records the Carrier has obtained relating to the end user, to the prior Carrier, and
- (3) notify the end user and the Company that the change has been made, and
- (4) pay the Company \$50.00 per line to compensate the Company for switching the end user back to the original carrier.

Carrier's customers or Company's customers may request the Company to permit changes of their Primary Local Exchange Company (PLEC) only upon end user password-based notification to the Company that the end user wishes to change its PLEC. In such a situation, the Company will not change a end user's PLEC without such password-based notification.

Carrier Changes (Cont'd)

If a Carrier fails to pay when due any and all charges billed to Carrier under this Part, including any late payment charges (Unpaid Charges), and any and all such charges remain unpaid more than forty-five (45) days after the due date of such Unpaid Charges, Company shall notify Carrier in writing that it must pay all Unpaid Charges to the Company within seven (7) business days. If Carrier disputes the billed charges, it shall within the seven (7) day period provided for in the prior sentence, inform Company in writing which portion of the charges it disputes, including the specific details and reasons for its dispute; immediately pay to Company all undisputed charges; and shall pay disputed charges into an interest bearing escrow account. If Carrier and Company are unable, within thirty (30) days thereafter, to resolve issues related to the disputed charges, then either Carrier or Company may file a complaint with the Commission to resolve those issues. The Commission may direct release of any or all funds (including any accrued interest) in the escrow account, plus applicable late fees, to be paid to Company and/or to Carrier. If Carrier fails to pay any undisputed Unpaid Charges, Carrier shall, at its sole expense, within five (5) business days notify its Carrier customers that their service may be disconnected for Carrier's failure to pay Unpaid Charges, and that its Carrier customers must select a new Carrier to provide local exchange services. **Indemnification**

Carriers who resell services offered under this Part shall indemnify, defend and save the Company harmless against any and all claims and expenses (including attorneys' fees and costs) which may arise from or in connection with such resale including, but not limited to, claims for libel, slander, infringement of copyright or patents, claims for injuries to persons or property damage or any other damage in connection with Company service or resold services, arising out of any act or omission of the Carrier or end user in connection with facilities or services provided by the Company or the Carrier or end user, claims for interruption of or deficiencies, failures or errors in service and any consequences thereof and claims arising from mistakes in or omissions of directory listings.

5. RESPONSIBILITIES OF THE CARRIER (Cont'd)

Emergency Telephone Number Information

Carrier shall provide Company with accurate and complete information regarding Carrier's customers in a method prescribed by the Company, so that the Company may keep its Emergency Telephone Number Service database updated.

6. BILLING

The Company will provide a Carrier specific Daily Usage File (DUF) to each Carrier reselling Company Local Exchange Services. This file will include individual service specific daily usage for each resold Local Exchange Service. The daily usage file will include sufficient detail to enable Carriers reselling Company exchange services to bill their end user customers. No other detailed billing will be provided.

Interexchange call detail forwarded to the Company for billing, which would otherwise be processed by the Company, will be passed through and separately identified on a per resold line basis. The Company will not bill the Carrier's and user customers for pass-thru billing. Billing for 900 and 976 calls or other pay-per-call services will also be passed through. If a Carrier does not wish to be responsible for 900 and 976 calls, it must order blocking for resold lines under this Part.

The Carrier is responsible for providing all billing information to their customers who purchase resold Company exchange services.

Other Billing and Collections services will be provided to the Carrier on a contract basis. The terms and conditions under which these services are provided will be defined in a separate Billing and Collections agreement.
